

St. Andrew's COVID-19 Protocols for Gatherings
Updated March 2021

St. Andrew's is following Center for Disease Control (CDC) guidelines to stop the spread of the Coronavirus disease (COVID-19). The following protocols have been established for ministry gatherings, meetings, and events held at St. Andrew's*. These protocols are in place until further notice, and we ask that each ministry and the gathering's organizers be responsible for compliance.

- Face coverings are required for individuals over the age of 5 when visiting our campuses. This applies whether indoor or outdoor.
- Vaccinated individuals are asked to continue wearing a face covering in protection of others.
- Practice social distancing by maintaining at least 6' of distance from other people when possible. Please do not congregate without maintaining social distance.
- Wash your hands frequently for added safety.
- Food and beverage services are not available. Personal use food and beverage is permitted, but please do not bring community-share food or beverage.
- Bibles and Hymnals are not available. However, individuals are encouraged to bring their own personal Bibles.
- Stay home if you are unwell or are experiencing COVID-19 related symptoms, or if you have been exposed to someone who may have or is confirmed to have COVID-19.

* *The Music & Worship and Preschool & Kindergarten Ministries have specific guidelines that may differ from these procedures.*

We thank you for your support of these rules and restrictions so that we can provide ministry opportunities while keeping our members, guests, and staff safe and healthy.

With appreciation,

Physical and Technical Resources Committee
