SERMON NOTES

Jesus' strategy for making disciples who make disciples:

Back to school tradition:

The most important aspect of making disciples:

"The greatest issue facing the world today, with all its heartbreaking needs, is whether those who, by profession or culture, are identified as 'Christians' will become disciples – students, apprentices, practitioners – of Jesus Christ, steadily learning from Him how to live the life of the Kingdom of the Heavens into every corner of human existence."

~ Dallas Willard
